This gifts discernment group above does not sit on council. They also do not need to meet in any formal way other than to keep an eye on the process, remind commissions to find replacement members and send communications to council.

The roles below do not need to be listed as “gifts discernment” as they are not commissions of the church. They are housed UNDER commissions and need to be listed somewhere but do not need to come to the annual meeting for a vote. For example, the Personnel team is vetted and voted on by the church through their other 3 roles. It will be understood in a revised handbook that the responsibilities are covered by them through their commissions charge/responsibilities.
